# BHS Grade 9 Course Selection 2019-2020

*Please use this sheet as a reference when discussing your course options with current teachers and selecting your courses with your guidance counselor.*

**Course Selection Instructions:**

- Select your appropriate course level in English, Math, Science, & History.

- Select your appropriate course level in Foreign Language, if applicable. Please note that four year colleges require a minimum of two years of a foreign language at the high school level.

- Select your elective preferences based on the following:
    - Students taking a foreign language should choose:
        - One full year elective

            OR
        - Two half year electives
    - Students NOT taking a foreign language should choose:
        - Two full year electives

            OR
        - One full year and two half year electives

            OR
        - Four half year electives

- All grade 9 students are required to take PE and Health. These will be automatically added to your course request page.

- The total credit hours you will be requesting should equal 7.

- You will also need to select alternate electives in the event that your first choice does not fit. These do not get tallied into your total credit hours.

**Explanation of Credit:** A course that is worth 1 credit runs for the entire school year. A course that is worth 0.5 credit runs for half of the school year, either during the first semester or second semester.

**Please see the reverse side for a list of all courses available to students entering grade 9 for the 2019-2020 school year.**
